COX ADDRESSES S.T.C. GRADUATES

PASTOR OF FIRST M. E. DELIVERS BACCALAUREATE SERMON

IMPORTANCE OF TRUTH

Speaker Urges Upon Hearers the Great Value of the Truth and the World Struggles.

Calendar.

Tonight—Class Play, College Auditorium at 8 p. m.

Tomorrow Morning—Victory Commencement with address by Dr. Burris A. Jenkins, College Auditorium, 10 a. m.

Tomorrow Evening—Alumni Banquet at Christian church at 6:30 p. m.

Rev. Gilbert S. Cox, pastor of the First M. E. Church of this city, delivered the baccalaureate addreess to the graduating class of the State Teacher's College yesterday afternoon taking as the subject of his talk, "The Freedom of the Truth."

Rev. Cox urged upon the young men and women who are just leaving their college work, the importance of the truth and explained that truth has been the cause of all the great struggles in the world.

The words of the text are found inscribed over the door of this institution, and in the gospel of St. John. They are the words of Jesus. "And the truth shall make you free," said Rev. Cox.

"Freedom is a passion of humanity. It belongs to no race, or kind except human kind. It is peculiar to no age except the eternal longings of all ages. In the name of political freedom the noblest deeds of heroism have been done and the blackest inventions of the worst tyrants have stained its fair name.

Cromwell stood before parliaments and demand a hearing in its name. Washington took up the sword against 'a sea of troubles' because he dreamed of its possession, Wilson unfurled the Stars and Stripes three thousand miles from home to make the world a fit place for freedom.

"For industrial freedom is now being waged a bloody strife in Europe and America.

"For religious freedom Luther, Huss and Wycliffe call to us today the 'Stand fast in the liberty wherewith Christ hath made us free.'

"In the name of the Truth, Jesus was crucified. Socrates, Copernicus, and a host of men yesterday and today have endured martyrdom, political, social and religious persecution. It would seem that from history the Truth does not set free. Yet this institution takes as its motto 'Freedom through the truth.'

In spite of much evidence to the contrary it is only the truth that makes free. The discovery of the truths of science have freed men from much of the burdens of toil and slavery of the past. Discovery of truth of health has freed us of much of sickness and plagues of other days. The truth of political and social science has made the world safer and happier than ever.

"But the day we have just seen has halted our confidence in saving the world through education. There is only one hope for the final freedom to come to individuals and nations and that is the name of Him who was THE TRUTH. As men live by and in Him they come to know and incarnate saving truth. The only free men are those who live in the light of the Fatherhood of God, the Brotherhood of man, the supreme value of unselfish service and the eternal life of the soul. This is 'Freedom through the Truth.'"

WILL MEAN $20,000 MORE

The Increase in Valuation of Nodaway County Will Help Out the County Finances Some.

The increase in valuation of Nodaway County by the State Board of Equalization will mean nearly $20,000 more in taxes to be collected this year for the county, according to an estimate prepared by Deputy County Clerk Fred Wright. The valuation of the county was increased $4,990,168 over last year. The taxes to be collected for the city of Maryville and also for the Maryville school will be increased some as the valuation of the city was increased about $380,000 and that of the school district about $400,000.

Mr. and Mrs. George Peck of Long Beach, Calif., who have been visiting at the home of Mrs. Peck's brother, W. T. Doyle and family, and other relatives, left Saturday night for their home.

EXPECT 135 BOYS AT SCOUT CAMP

ARRANGEMENTS BEING COMPLETED FOR BIG TIME JULY 19-28

PLAN MANY CONTESTS

To Be Located on Linville Farm Near Skidmore—Fishing and Swimming in Nodaway River.

Arrangements have been practically completed for the big camp of the Boy Scouts of Maryville and surrounding towns which is to be held July 19-28, and according to an announcement made this morning by Commandant M. A. Peery of the local organization, in the neighborhood of 135 boys will be at the camp this year. Maryville will send 50, Maitland, 20; Burlington Junction, 20; Hopkins, 24; Ravenwood, 21.

The Maryville boys will start on their hike to the camp the morning of June 19, and the delegations from Hopkins and Ravenwood will come here the previous night and will march to the site with the local lads. The delegations from the other towns of the district will march directly from their homes.

The camp this year will be located at the beautiful site on the W. R. Linville farm, two miles northwest of Skidmore. The camp is on the Nodaway river, with excellent places to fish and swim, and with a fine cold water spring to furnish the water for drinking and cooking purposes in the camp. John Gooden has been selected as the cook for the camp and will preside over the culinary department.

The regular military regulations will be carried out at the camp by a patrol of scouts who will be on picket duty at all hours. Each troop will select its patrol for the day. A number of contests have been arranged by Commandant Peery for the entertainment and instruction of the boys, among them being swimming and first aid competitions and other phases of the Boy Scout work. On the last Sunday afternoon before breaking camp, a prize drill will be held in which each of the troops will enter a company.

There will also be a fire building contest, in which the Scouts will show their proficiency at making a blaze with the least amount of equipment. The second class Scouts are required to be able to start a fire with only two matches, and a first class member must be able to start a blaze by the old Indian friction method.

Prizes are needed in each of these contests and a request has been made that the merchants of this city donate suitable articles which may be given to the boys as a reward for their work.

A detail of Scouts will go to the camp site several days before the formal opening and will lay out the grounds and make other necessary preparations for the coming of the rest of the organization.

CLASS DAY EXERCISES HELD THIS MORNING

The Traditions of the Class of '19 Were Passed on to the Class of '20 in Interesting Program.

The graduates of the State Teachers College gave their class day program this morning at 10 o'clock in the auditorium. A large number of relatives, friends and students were in attendance and applauded the well arranged and entertaining program. The first number was a solo by Miss Pearl Wilkerson. This was followed by the class poem composed by Miss Tessie M. Dogan which was a recounting of the deeds of the class from the day it entered the college, through the trials and temptations of the Freshmen year, the fun and domination of the Sophomore year, the gaities and love making of the Junior year, and the wisdom and sedateness of the Senior year. Miss Virginia Lawson sang a solo after which the traditions of the Senior class were passed on to the Junior class with the presentation of the Senior cane, Miss Mable Curnutt responding for the Junior class. Another musical number followed in which Mrs. Lawrence, Miss Virginia Lawson, and Miss Crystelle Cranor sang a trio. Miss Mattie Dykes presented the treasure box which consisted of a collection of verses appropriately expressing the thanks of the class for the help and advice of the faculty and paying a tribute for their devotion to the interests of the school. The tree oration came next, given by Miss Frances Holliday, and the program was concluded by the singing of the class song, composed by Miss Minnie Turner.

BIG CROWD AT HOMECOMING DAY

ELEVENTH ANNUAL CELEBRATION HELD AT HARMONY YESTERDAY

BASKET DINNER AT NOON

Dr. Stevens, K. C. University; Judge James, St. Joe; and Rev. Snodgrass, This City, Speakers.

The eleventh Harmony home coming which was held yesterday at the church eleven miles northeast of Maryville was a grand success in every way. A large crowd, despite the threatening aspect of the weather, attended and the day's program was the best that has ever been arranged for the home coming. The musical numbers and the three addresses were exceedingly well received.

The day's events began with the regular Sunday school service. This was foljowed by the morning sermon preached by Dr. **Stevens of the** Kansas City University. Dr. Ward, Chancellor of the Kansas City University, was to have given the morning sermon but was unable to be present but Dr. Stevens proved to be a fine substitute and preached a sermon well worth hearing.

At the close of the morning's services the big basket dinner was served. The afternoon's program began with several selections by the Harmony choir. The male quartet of the First Christian church sang "Until the Dawn."

The first speaker of the afternoon was Judge W. K. James of St. Joseph. Judge James opened his address by advocating a more thorough and efficient system of education among the school children of rural communities. He stated that a boy or girl in a rural community has as much right to a fine education as any boy or girl in any city. Following this he made an appeal for the development of the rural church because of its great chance for raising the ideals of the country people. He complemented the people of Harmony upon their progress in this direction. Judge James, also spoke at length upon the growing need of organization among the farmers for mutual protection and economic advancement. He emphasized the fact that of all great laboring and professional classes of people the farmers are the only one which does not have a highly organized and active union. The farmers of today are handicapped because of lack of co-operation among themselves. By organizing and co-operating they might have a great influence in the matter of bringing about better equalization of production and remove the evils of overproduction.

After the conclusion of Judge James' address the ladies' octettte of the First Christian church sang "One Sweetly Solemn Thought." Rev. R. E. Snodgrass concluded the afternoon's program with a splendid address, the subject of which was "The Spirit of the Present Day." In the opening of his address he spoke of the awakening of a new moral conscience among the American people brought about by the many contributions for the various agencies of good such as the Red Cross Salvation Army, and the Y. M. C. A. He, also, mentioned the development of a new sense of unity among the people, the outgrowth of co-operation in the many wartime projects. In this connection he indicated the possibility for a revival of community growth and spirit and the wonderful potentialities of such a movement. Rev. Snodgrass accorded with Judge James' advocacy of the great need of better education facilities and spoke of the impetus given educational work by the bringing to light the faults in our educational system which have been copied from the German schoolmen. He closed his address by pointing out that a new spirit of service is sweeping over the country, the result of the lessons of service learned in the great world conflict. The central thought of his address was that America's ideal of money making has changed to one of serving humanity.

Editor Ward Visits College.

C. F. Ward, editor of the Plattsburg Leader, is in Maryville today to attend the commencement exercises of the State Teachers College and to attend the meeting of the Board of Regents of the College tomorrow. Mr. Ward was recently appointed as a member of the Board to succeed the late Leo M. Phipps of Grant City, and this meeting will be his first one.

SAY BERLIN ORDERED SINKING OF GERMAN FLEET

French Newspapers Charge British with Being Responsible for the Sinking of Hun War Vessels.

London, June 23.—Many of the Germans concerned in the sinking of the interned German battle fleet are still at large, according to a dispatch to the Star today from Thurso, a small watering place on the North Coast of Scotland. A man hunt is being conducted with good results. According to the Thurso correspondent, ten thousand Germans had a hand in the destruction of the fleet.

London, June 23.—The act of German sailors in scuttling their war ships in Scapa Flow Saturday is declared by a majority of the British press to be a forerunner of what may be expected from the Germans after peace is signed. Newspapers generally blame British authorities for not taking proper precautions. The German sailors were rounded up here and are under close guard today. They were defiant, apparently very happy over their feat.

Paris, June 23.—French newspapers today openly charge the British Admiralty with negligence in permiting the sinking of the interned German fleet off Scapa Flow by their German crews.

Kirkwall, England, June 23.—Germany's interned battle fleet was sunk as a result of orders from Berlin, according to British naval officials here who made an investigation.

HUNDREDS KILLED WHEN TORNADO VISITS TOWN

Fergus Falls, Minn., Almost Demolished by Storm Late Yesterday—Business District Wiped Out.

Fargo, N. Dak., June 23.—Fergus Falls, Minn., lies in ruins today and soldiers are searching the debris for the bodies of a hundred persons reported killed by a tornado which swept through the town late yesterday. A report received here early today placed the death list from three to four hundred. The cyclone wiped out the business section of the city, cutting a path several blocks wide, through. Most of the larger business buildings were destroyed and many residences were blown down.

NEW MINISTER AT HOPKINS

Rev. John A. Carriker of Charlotte, N. C., Chosen as Pastor of Presbyterian Church.

Dr. and Mrs. S. A. Coile of the Presbyterian church of this city, went to Hopkins last evening where Dr. Coile occupied the pulpit of the Presbyterian church of that city. The congregation selected the Rev. John A. Carriker of Charlotte, N. C., as their pastor and he will be installed Tuesday night.

GERMANY SIGNS PEACE TREATY

ALLIES REFUSE MANY ELEVENTH HOUR REQUESTS MADE BY HUNS

ARMISTICE ENDS TODAY

Flash Report States Germans Have Signed—Other Dispatches Lead Up to Confirmation.

Paris, June 23.—GERMANY SIGNS TREATY.

London, June 23.—It is officially announced that Germany will sign the peace treaty. The announcement was issued from Downing street, the official residence of Lloyd George. This announcement said Germany has decided to sign the treaty. A London Exchange telegraph says a German note has reached Paris that it is understood is a note of acceptance.

Paris, June 23.—Clemenceau, President of the Peace Conference, has been notified from Weimar that the Germans will sign the peace treaty, it was officially announced this afternoon.

Paris, June 23.—Germany's final maneuvers before signing the peace treaty are summed up as follows:

Asked Allies to include Germany's denial of war responsibility in the treaty. Request refused.

Asked Allies to nullify the provision for handing over of the authors of the war for trial. Request refused.

Protested against stripping Germany of her colonies. Protest ignored.

Asked Allies to agree to a revision of the treaty by the League of Nations within two years. Request refusesd.

Notified Allies that though she signs the treaty Germany can not possibly fulfill its conditions. Notification ignored.

Asked Allies Allies at three o'clock this morning to grant forty-eight hours more time. Allies refused request and notified that the armistice ends today.

GRANT VOTES ROAD BONDS

Prposition to Issue $40,000 in Bonds Carried Saturday by a Majority of About 20 Votes.

The $40,000 road bond issue of Grant township carried in the special election held Saturday by a majority of about 20 votes. This is the second time the proposition has been voted on, the first time carrying about 5 votes, but as the notice of the election was not published legally, it had to be held again.

TWO LITTLE GIRLS LIVELY AS CRICKETS

Once Weak and Puny, Tanlac Makes Them Look Like Different Children.

"It makes me feel good to see how bright and healthy my two little girls are since we started them to taking Tanlac," said H. P. Cornett, of 518 East Gandy street, Denison, Texas.

"They were both weak and puny children," he continued, "had no appetite and suffered from indigestion and were awfully pale and thin and sallow looking. They complained of having headaches and pains in their backs, they were restless aat night, had no life nor energy during the day and wouldn't play around like other children. Medicines we gave them did not do them any good and my wife and I were greatly worried about their condition.

"Since starting them on Tanlac my two little girls are not like the same children. Both have gained in weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their ages. Tanlac has simply done wonders for them and I am only too glad to indorse such a splendid medicine."

INLAND WATER WAYS A POOR PLACE FOR THE SUBS

Muddy Water of Mississippi Obscures the Periscope Windows—Sand Bars Prove Obstacles.

St. Louis, June 23.—The Mississippi Valley barge line never will be in danger of submarines. The muddy water obscures periscope windows, and shifting sand bars and uncertain channels make inland navigation difficult for subsea craft, according to Lieut. J. V. K. Richards, engineer officer of the American submarine K-5, which arrived here last week.

The K-5, which is the flagship of Division Three of the submarine force of the U. S. Atlantic fleet, and is considered a fine example of the Holland type of submarine, had to be especially adjusted for her inland waterway cruise. When she entered the Mississippi after an unconvoyed cruise from New London, Conn., it was discovered that the river had a number of tricks that had not been anticipated.

The first was the rich ochre mud of the river. The periscope window keeps clean in ocean water.

Instead of carrying her full crew of thirty men and five officers, the submarine had but three officers and twenty-two men.

To CONTINUE BOY SCOUT CAMPAIGN ANOTTHER WEEK.

Jefferson City, June 23.—The Boy Scout Campaign, which ended Saturday, June 14, will be continued another week in the communities in which the quotas have not been filled. Announcement to this effect has been made by C. F. Enright, chairman of the Missouri District for the drive.

This has been done on authority of William G. McAdoo, national chairman.

Enright says many of the organizations in Missouri went over the top the first day of the drive and that he expected over subscriptions in all of the larger cities.

BEGIN WORK ON ST. LOUIS AIRPLANE LANDING FIELD

To Be Used for Chicago-St. Louis Mail Service Air Route—Hangar to House Ten Planes.

St. Louis, June 23.—Work will be begun this week on the construction of an aerial mail service landing field in Forest Park. A resolution authorizing President Kinsey of the Board of Public Service to let the contract for the grading of the field has passed the Board of Estimates. The grading will cost $19,000, to be paid by the city and the Chamber of Commerce.

Airplanes in the service between here and Chicago will use the field. The Chamber of Commerce's check for $9,500 to pay its part of the expense has been received.

A 266-foot hangar with space for ten machines is on the grounds.

OKLAHOMA JAIL 'TOO ROUGH'

Henry Hawk, Formerly of Maryville, Writes to Sheriff of Worth Co., to Take Him Back.

Henry Hawk han't any use for those Oklahoma jails. Those Oklahoma upholders of the law play too rough for Henry for one thing, and then again it is better to face a burglary charge in Missouri than to face bootlegging charges in such a wild untamed state as Oklahoma, so Henry thinks.

Manacled and handcuffed and accompanied by J. B. Matteson, deputy sheriff of Worth county, and blackened by a long train ride, Henry Hawk, who is said to have a series of burglaries in and near Grant City to his credit, hobbled into the Central police station at 1 o'clock yesterday morning with a "glad-to-get-back-smile." According to Matteson, Hawk, who is well known to the local police department, was convicted of burglary in Worth county last February. Soon after he was paroled, but Henry didn't do right by Worth county, so after a few travels here and there he went "down among the long-horns" as he expressed it.

But wherever he is, according to Sheriff Matteson, Henry just can't keep out of trouble, so it is said he took up the progressive art of bootlegging. He was taken into custody by the Oklahoma authorities at Claremore, Okla., and thrown into a jail where they treated him rough. Even a Missouri jail is preferable to this, thought Henry after one of his cellmates had died from a beating from an officer, so Henry secretly wrote a letter to the Worth county authorities and asked them to forgive him for jumping his parole, and please to come and get him. He gave the letter to a prisoner who, upon release, mailed it. Upon its receipt Sheriff Matteson departed post haste to get the little lily that was slowly wearing away in an Oklahoma jail. It was a joyous meeting 'tis said, but Matteson took no chances and Henry wore the bracelets all the way back. His little homecoming journey will be completed today.—St. Joseph Gazette.

Despite the higher cost of fabrics, trimmings, labor and everything else that enters into Blouse making you can still get a GOOD BLOUSE for ONE DOLLAR——if you spend that dollar here.

It's the pround boast of our Blouse Department that even for the smallest expenditure BLOUSES are here obtainable that have CHARACTER, that in addition to being CORRECTLY and PRETTILY STYLED, have the fitting qualities and wearing qualities that insure satisaction.

Our intimate co-operation with the worlds largest makers of QUALITY BLOUSES explains why you can always save so substantially by buying Blouses here.

One of the New Styles is illustrated: it is of Voile attractively trimmed with colored hemstitching; another pretty youthful model is of Crepe with collar of attractive corded material.

Quantity is limited and no more of the same style will be obtainable.

In this city Wirthmor Waists can be sold here only.

"Eating Their Heads Off"

It makes no difference whether you buy horse feed or raise it—it's money just the same. You can't work a horse more than so much—he won't stand it. And the rest of the time he just eats. For that reason you will use a motor truck sooner or later—because it will be cheaper and a lot better than horse hauling—just the same as a motor car is better than a horse and buggy. And when you DO get a truck, get a good one—

Sandow Farm Truck

made in any size you want—made extra strong for its weight, and made to sell at a lower price than other trucks if its class—is JUST THE KIND OF A TRUCK TO GIVE YOU THE BEST SERVICE AT THE LEAST COST.

Treat a Sandow half as good as you do a horse and it will do the work of six horses—as many hours a day as you want it to and when it is through it won't eat a bite.

Guests at Metzler Home.

Miss Coral Binning, Miss Mary Peck and Miss Helen Allen, who will assist Miss Lucy Longan in her concert, June 30, are visiting at the home of Prof. and Mrs. F. H. Metzler. These three young ladies have specialized in Expression and Dramatic Art and have won high honors in this profession. Miss Binning has made a great success in Shakespearian plays. Miss Peck played the part of Hennriette in Moliere's "Learned Ladies," attracting much favorable attention. Miss Allen met with real success in "Contrary Mary." She plays comedy parts with rare ability, never failing to please her audience.

Miss Longan will arrive Friday and she will be the guest of her aunt, Mrs. Henry Westfall and family.

Mission Circle.

The last meeting of the year of the Missin Circle of the Christian church was held Saturday afternoon at the home of Mrs. C. J. Eckert, with Mrs. Jesse Douglas and Mrs. Lawrence Frazee as assisting hostesses. Mrs. Ed Egley, with "The Call for Leaders" as her subject, led the meeting and she was assisted by Mrs. Frank Garrett, Mrs. J. M. McDonald and Mrs. Chas. T. Bell. Instrumental and vocal numbers were given by Miss Rose Frazee and Mrs. F. P. Robinson. The annual election of officers was held and the following named were chosen: Mrs. Newt Hagins, president; Mrs. Frank Garrett, first vice president; Mrs. Harry Hudson, second vice-president; Mrs. John Borrusch, secretary; Mrs. W. Townsend Party Favors.

The game favor at the bridge party given Saturday night by Mrs. Edward Lincoln Townsend and Mrs. Ferdinand Michau Townsend at "Terrace Place" was awarded to Mrs. Wm. J. Montgomery, and the guest favors to Mrs. Lewis DeHart of Detroit, Mich., and Miss Dorothy Bollinger of Waterloo, Ill. At the afternoon party when six-hand euchre was played, Mrs. Hal Hooker received the game prize, and the guest prize was awarded Miss Louise Ray of Decatur, Ill. The game favors were Japanese fruit baskets, the handles of which were entwined with tulle, and the guest prizes were baskets filled with garden flowers. The day was the birthday anniversary of two of the guests Miss Carrie Margaret Baker and Miss Mildred Shinabargar, and they received felicitations from their hostesses in the form of similar favors.

President and Mrs. Richardson Entertain.

President Ira Richardson and Mrs. Richardson entertained the graduating class and the faculty members of the State Teachers College from 8 to 10 o'clock Saturday night at the College residence on Normal Avenue. In the receiving line were Mr. and Mrs. Richardson and Dean and Mrs. G. H. Colbert. The guests were greeted at the door by Miss Olivette Godsey and upstairs by Miss Laura Mae Crossan. Large vases and baskets of crimson rambler roses, snapdragons, evergreen and ferns were used in decorating the receiving rooms. Punch was served in the dining room and the bowl, encircled by clusters of crimson roses, was presided over by Mrs. L. G. Crossan and Miss Harriet VanBuren. Victory ice cream and wafers were served in the reception hall by Miss Carrie Coler, Miss ViJune Colden and Miss Opal Cranor. A program, including a solo sung by Mrs. . Edwin Wells, violin selections by Ralph Yehle, songs by the students and readings by Mrs. F. H. Metzler, were enjoyed.

Capt. Hogan Home From Funston.

Capt. Paul Hogan, son of Mr. and Mrs. W. C. Hogan, living south of Maryville arrived home last Saturday evening from Camp Funston. Capt Hogan was a member of the 331st Field Artillery and spent a year overseas. Capt. Hogan received his commission as captain in October 1918 in France. He had previously been commissioned a first lieutenant in August 1917 at Camp Funston. In all he served more than two years in the army going to Camp Funston in May of 1917.

A MARYVILLE MARINE WRITES

Floyd Smith, Son of Mr. and Mrs. S. P. Smith, Seeing a Great Deal of the World.

The following interesting letter is from Floyd Smith, son of Mr. and Mrs. S. P. Smith of West Third street, who is with the United States Marines:

Cavite, P. I., May 1, 1919.

Dear Mother:—Suppose you are wondering where I am. Just received your letter forwarded from Mare Island. Had quite a trip going from Honolulu to Siberia, from there to Japan, then here. Was on board 393 days, had a fine trip and was not seasick. I thought it was hot in California but it is cool there compared to this spot. It is not very far to the equartor. Cavite is just a small place, all the buildings are old Spanish ones made of stone. There are some old forts and churches and the streets are narrow and paved with cobblestones. The natives all go barefooted and wear very few clothes, the young ones wearing only a short skirt. The Marines have a nice place and sleep under nets on account of the mosquitoes, lizards and a few more bugs. Bananas, pineapple, cocoanuts and other tropical fruits are very plentiful and cheap. The money in Siberia changes in value everyday, and they use paper money. Vladivostok is a place of about 190,000 and is the dirtiest place I ever saw. They have neither waterworks nor sewers. The city is under martial law and there are soldiers from all over the world. We picked up several United States and French wounded who were going back to the States. There is one street car and the taxis are little buggies are drawn by one or maybe two small ponies. Five thousand German prisoners are being worked on the docks.

Nagasaki, Japan, is a pretty and clean place and everything is cheap. Every inch of ground, even the hills, is farmed. The streets are only a few feet in width and their mode of travel is by little buggies which are pulled by the natives. They use oxen and pack saddles for hauling and on one street there is a street car. The women work with the men and it is a sight to see them coal a ship. The harbor isn't deep enough to get to the dock and coal is hauled out on sail barges and carried on board in grass baskets. They charge you 10 cents to ride ashore in a little row boat which is rowed with one oar. We are about 7 miles from Manila and can see it across the bay. The main sport is chicken fights. Men, women and youngsters all smoke cigarettes.

Write to Cavite, P. I.

With love,

FLOYD.

Catarrh is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. For special medical advice free regarding your own case, address Medical Director, 51 Swift Laboratory, Atlanta, Ga.

REGISTRATION FEES FOR MOTOR TRUCKS

At the beginning of 1919 there were still 22 states in which motor trucks were registered at the same rate as pleasure cars. Recent years, however, have shown quite a general tendency to increase the fees required for heavy motor trucks. This increase usually is based on the weight of the truck, its carrying capacity, or a combination of its carrying capacity and its horsepower. However, there is as yet no evidence of any well-defined general goal towards which this movement is tending. Some States are placing a definite maximum weight which may not be exceeded except in very special cases; others are evidently relying on discouraging or limiting the use of very heavy trucks by making the registration fees so large as to practically prevent the realization of any profit; while still other states are making no serious efforts except to limit the weight of the wheel loads per inch width of tire. The term motor truck and commercial vehicle, moreover, is very indefinite. In some states the term commercial vehicle as used includes all trucks, while in others only those vehicles used for hire are classed as commercial.

Hash Can Be Made of Vegetables.

Hash may be made with one or many cooked vegetables used alone or combined with meat or fish. Potato is the most useful vegetable for a hash, as it combines well with meat or with other vegetables.

It is essential for good hash that the vegetables be cut fairly fine, but not so fine that the pieces will lose their shape or stick together—that is, the particles should drop apart readily when shaken on a fork. Each vegetable must be cut up separately, then all be mixed. The vegetables, or vegetable, and meat or fish must be well seasoned with salt and pepper, and if liked there may be added a little minced onion, chives, parsley, chervil, or green pepper finely minced. The hash must be moistened a little with meat broth, milk, or water—not more than a half cup for a quart of hash.

When the hash is mixed, seasoned, and moistened, put a tablespoonful of butter or savory drippings in a frying pan. When this is melted put in the hash, and spread evenly and lightly in the pan. Over this put little dots of butter or savory drippings, using about one tablespoonful in all. Cover the pan and place where the hash will not burn, but where the heat is fairly good, and cook half an hour, then fold and turn on a hot platter. A rich brown crust will have formed on the bottom of the hash if the heat was sufficient. Serve it hot, and on heated plates.

COMETS BEAT MAITLAND 6-1

The Maryville Comets "two timed" the Maitland team here yesterday, taking the second game of the season from them by the score of 6 to 1.

The visitors put up a good brand of ball but were completely outclassed by the Comets. Black, manager and pitcher for the local club had his opponents at his mercy throughout the contest.

Richardson, a new addition to the Comets, made his first appearance yesterday behind the bat, and showed the fans that he is going to be a great asset to the team during the coming contests.

For the Maitland crew "Taters" Roberts, recently discharged from the service, was the feature.

"BILLY" SIMS RETURNS AFTER LONG ABSENCE

Former Maryville Resident Makes First Visit in 64 Years—Saw First Cabins Go Up.

W. S. Telford, 82 years old, now a resident of West Texas, returned to Maryville last night for his first visit after an absent of 64 years. Mr. Telford will be better remembered by old residents here as "Billy" Sims, the surname being that of his stepfather with whom he lived.

"When I left Maryville in 1855, there were only tweve or fifteen small frame houses. The first of these was a log cabin built by my stepfather; I saw it go up. The courthouse, too, was a log cabin. The land was almost all prairie and could be bought unimproved for about a dollar and a half an acre. Improved land sold for from ten to twelve dollars an acre."

After calling on George S. Baker, "Uncle Jimmy" Saunders, and a few other old settlers, Mr. Telford will leave tonight for Kansas City, where he will join his wife and return to his present home.

The Standard Oil Company (Indiana)
Automobile Industry

PROBABLY no existing industry serves such a useful purpose in so many ways as the automobile industry, and certainly no industry has had such a meteoric increase in proportions.

Such an increase would have been impossible of accomplishment if a market for moderate priced cars had not been found, and without the Standard Oil Company (Indiana) it would have been impossible to find this market.

When only the rich could afford an automobile the Standard Oil Company (Indiana) had the vision of most everyone driving his own machine.

The Company set out, not to find a way to make gasoline prices higher, but to keep them low in the face of the enormous demands made by the automobilists, which in the average industry would have caused abnormal increases in price.

The efficiency of the Standard Oil Company in making a constantly increasing number of by-products has kept down the price of gasoline and enabled the man of modest means to run an automobile after he got it.

The Standard Oil Company not only makes gasoline to sell at a low price, but to fit the requirements of the modern automobile engine in such a manner as to enable the owner to get out of his car all that the manufacturer designed it to produce.

This is a salient example of the usefulness of the Standard Oil Company not only in contributing to the success of other industries, but in discharging its obligation as a public servant so that all may benefit from its efficiency and by its operations.

COX ADDRESSES S.T.C. GRADUATES

PASTOR OF FIRST M. E. DELIVERS BACCALAUREATE SERMON

IMPORTANCE OF TRUTH

Speaker Urges Upon Hearers the Great Value of the Truth and the World Struggles.

Calendar.

Tonight—Class Play, College Auditorium at 8 p. m.

Tomorrow Morning—Victory Commencement with address by Dr. Burris A. Jenkins, College Auditorium, 10 a. m.

Tomorrow Evening—Alumni Banquet at Christian church at 6:30 p. m.

Rev. Gilbert S. Cox, pastor of the First M. E. Church of this city, delivered the baccalaureate addreess to the graduating class of the State Teacher's College yesterday afternoon taking as the subject of his talk, "The Freedom of the Truth."

Rev. Cox urged upon the young men and women who are just leaving their college work, the importance of the truth and explained that truth has been the cause of all the great struggles in the world.

The words of the text are found inscribed over the door of this institution, and in the gospel of St. John. They are the words of Jesus. "And the truth shall make you free," said Rev. Cox.

"Freedom is a passion of humanity. It belongs to no race, or kind except human kind. It is peculiar to no age except the eternal longings of all ages. In the name of political freedom the noblest deeds of heroism have been done and the blackest inventions of the worst tyrants have stained its fair name.

Cromwell stood before parliaments and demand a hearing in its name. Washington took up the sword against 'a sea of troubles' because he dreamed of its possession, Wilson unfurled the Stars and Stripes three thousand miles from home to make the world a fit place for freedom.

"For industrial freedom is now being waged a bloody strife in Europe and America.

"For religious freedom Luther, Huss and Wycliffe call to us today the 'Stand fast in the liberty wherewith Christ hath made us free.'

"In the name of the Truth, Jesus was crucified. Socrates, Copernicus, and a host of men yesterday and today have endured martyrdom, political, social and religious persecution. It would seem that from history the Truth does not set free. Yet this institution takes as its motto 'Freedom through the truth.'

In spite of much evidence to the contrary it is only the truth that makes free. The discovery of the truths of science have freed men from much of the burdens of toil and slavery of the past. Discovery of truth of health has freed us of much of sickness and plagues of other days. The truth of political and social science has made the world safer and happier than ever.

"But the day we have just seen has halted our confidence in saving the world through education. There is only one hope for the final freedom to come to individuals and nations and that is the name of Him who was THE TRUTH. As men live by and in Him they come to know and incarnate saving truth. The only free men are those who live in the light of the Fatherhood of God, the Brotherhood of man, the supreme value of unselfish service and the eternal life of the soul. This is 'Freedom through the Truth.'"

WILL MEAN $20,000 MORE

The Increase in Valuation of Nodaway County Will Help Out the County Finances Some.

The increase in valuation of Nodaway County by the State Board of Equalization will mean nearly $20,000 more in taxes to be collected this year for the county, according to an estimate prepared by Deputy County Clerk Fred Wright. The valuation of the county was increased $4,990,168 over last year. The taxes to be collected for the city of Maryville and also for the Maryville school will be increased some as the valuation of the city was increased about $380,000 and that of the school district about $400,000.

Mr. and Mrs. George Peck of Long Beach, Calif., who have been visiting at the home of Mrs. Peck's brother, W. T. Doyle and family, and other relatives, left Saturday night for their home.

EXPECT 135 BOYS AT SCOUT CAMP

ARRANGEMENTS BEING COMPLETED FOR BIG TIME JULY 19-28

PLAN MANY CONTESTS

To Be Located on Linville Farm Near Skidmore—Fishing and Swimming in Nodaway River.

Arrangements have been practically completed for the big camp of the Boy Scouts of Maryville and surrounding towns which is to be held July 19-28, and according to an announcement made this morning by Commandant M. A. Peery of the local organization, in the neighborhood of 135 boys will be at the camp this year. Maryville will send 50, Maitland, 20; Burlington Junction, 20; Hopkins, 24; Ravenwood, 21.

The Maryville boys will start on their hike to the camp the morning of June 19, and the delegations from Hopkins and Ravenwood will come here the previous night and will march to the site with the local lads. The delegations from the other towns of the district will march directly from their homes.

The camp this year will be located at the beautiful site on the W. R. Linville farm, two miles northwest of Skidmore. The camp is on the Nodaway river, with excellent places to fish and swim, and with a fine cold water spring to furnish the water for drinking and cooking purposes in the camp. John Gooden has been selected as the cook for the camp and will preside over the culinary department.

The regular military regulations will be carried out at the camp by a patrol of scouts who will be on picket duty at all hours. Each troop will select its patrol for the day. A number of contests have been arranged by Commandant Peery for the entertainment and instruction of the boys, among them being swimming and first aid ccompetitions and other phases of the Boy Scout work. On the last Sunday afternoon before breaking camp, a prize drill will be held in which each of the troops will enter a company.

There will also be a fire building contest, in which the Scouts will show their proficiency at making a blaze with the least amount of equipment. The second class Scouts are required to be able to start a fire with only two matches, and a first class member must be able to start a blaze by the old Indian friction method.

Prizes are needed in each of these contests and a request has been made that the merchants of this city donate suitable articles which may be given to the boys as a reward for their work. A detail of Scouts will go to the camp site several days before the formal opening and will lay out the grounds and make other necessary preparations for the coming of the rest of the organization.

YOUNG MEN'S S. S. CLASS IN GOOD START YESTERDAY

Seventy Charter Members in New Organization at Christian Church Meet at Electric Theater.

The Young Men's Bible Class of the hristian church held its first meeting at the Electric theater yesterday morning, over 70 charter members of the class being in attendance.

Judge [illegible] James of St. Joseph, made an address at the meeting and a talk was made by Judge John M. Dawson of Maryville.

Both speakers told of the value of a young men's Sunday school class in the community and explained how such an organization is also of great value to the men themselves.

At the close of the meeting yesterday each of the members present was given two cards which he was asked to present to other persons outside of the class, and interest them in the work.

Plans were made for a permannent organization at the meeting yesterday and the various committees were selected as follows: Nominating, Hal Catterson, M. L. Grable and Loren Schnabel; constitution and by-laws, Ellis Cook, Harry Todd and Warren Breit.

An election will be held next Sunday and the permanent officers will be chosen at this time.

The membership campaign has been extended for another week and men who sign up to attend within the next seven days will be considered charter members.

CLASS DAY EXERCISES HELD THIS MORNING

The Traditions of the Class of '19 Were Passed on to the Class of '20 in Interesting Program.

The graduates of the State Teachers College gave their class day program this morning at 10 o'clock in the auditorium. A large number of relatives, friends and students were in attendance and applauded the well arranged and entertaining program. The first number was a solo by Miss Pearl Wilkerson. This was followed by the class poem composed by Miss Tessie M. Dogan which was a recounting of the deeds of the class from the day it entered the college, through the trials and temptations of the Freshmen year, the fun and domination of the Sophomore year, the gaities and love making of the Junior year, and the wisdom and sedateness of the Senior year. Miss Virginia Lawson sang a solo after which the traditions of the Senior class were passed on to the Junior class with the presentation of the Senior cane, Miss Mable Curnutt responding for the Junior class. Another musical number followed in which Mrs. Lawrence, Miss Virginia Lawson, and Miss Crystelle Cranor sang a trio. Miss Mattie Dykes presented the treasure box which consisted of a collection of verses appropriately expressing the thanks of the class for the help and advice of the faculty and paying a tribute for their devotion to the interests of the school. The tree oration came next, given by Miss Frances Holliday, and the program was concluded by the singing of the class song, composed by Miss Minnie Turner.

BIG CROWD AT HOMECOMING DAY

ELEVENTH ANNUAL CELEBRATION HELD AT HARMONY YESTERDAY

BASKET DINNER AT NOON

Dr. Stevens, K. C. University; Judge James, St. Joe; and Rev. Snodgrass, This City, Speakers.

The eleventh Harmony home coming which was held yesterday at the church eleven miles northeast of Maryville was a grand success in every way. A large crowd, despite the threatening aspect of the weather, attended and the day's program was the best that has ever been arranged for the home coming. The musical numbers and the three addresses were exceedingly well received.

The day's events began with the regular Sunday school service. This was followed by the morning sermon preached by Dr. Stevens of the Kansas City University. Dr. Ward, Chancellor of the Kansas City University, was to have given the morning sermon but was unable to be present but Dr. Stevens proved to be a fine substitute and preached a sermon well worth hearing.

At the close of the morning's services the big basket dinner was served. The afternoon's program began with several selections by the Harmony choir. The male quartet of the First Christian church sang "Until the Dawn."

The first speaker of the afternoon was Judge W. K. James of St. Joseph. Judge James opened his address by advocating a more thorough and efficient system of education among the school children of rural communities. He stated that a boy or girl in a rural community has as much right to a fine education as any boy or girl in any city. Following this he made an appeal for the development of the rural church because of its great chance for raising the ideals of the country people. He complemented the people of Harmony upon their progress in this direction. Judge James, also spoke at length upon the growing need of organization among the farmers for mutual protection and economic advancement. He emphasized the fact that of all great laboring and professional classes of people the farmers are the only one which does not have a highly organized and active union. The farmers of today are handicapped because of lack of co-operation among themselves. By organizing and co-operating they might have a great influence in the matter of bringing about better equalization of production and remove the evils of overproduction.

After the conclusion of Judge James' address the ladies' octette of the First Christian church sang "One Sweetly Solemn Thought." Rev. R. E. Snodgrass concluded the afternoon's program with a splendid address, the subject of which was "The Spirit of the Present Day." In the opening of his address he spoke of the awakening of a new moral conscience among the American people brought about by the many contributions for the various agencies of good such as the Red Cross Salvation Army, and the Y. M. C. A. He, also, mentioned the development of a new sense of unity among the people, the outgrowth of co-operation in the many wartime projects. In this connection he indicated the possibility for a revival of community growth and spirit and the wonderful potentialities of such a movement. Rev. Snodgrass accorded with Judge James' advocacy of the great need of better education facilities and spoke of the impetus given educational work by the bringing to light the faults in our educational system which have been copied from the German schoolmen. He closed his address by pointing out that a new spirit of service is sweeping over the country, the result of the lessons of service learned in the great world conflict. The central thought of his address was that America's ideal of money making has changed to one of serving humanity.

Editor Ward Visits College.

C. F. Ward, editor of the Plattsburg Leader, is in Maryville today to attend the commencement exercises of the State Teachers College and to attend the meeting of the Board of Regents of the College tomorrow. Mr. Ward was recently appointed as a member of the Board to succeed the late Leo M. Phipps of Grant City, and this meeting will be his first one.

SAY BERLIN ORDERED SINKING OF GERMAN FLEET

French Newspapers Charge British with Being Responsible for the Sinking of Hun War Vessels.

London, June 23.—Many of the Germans concerned in the sinking of the interned German battle fleet are still at large, according to a dispatch to the Star today from Thurso, a small watering place on the North Coast of Scotland. A man hunt is being conducted with good results. According to the Thurso correspondent, ten thousand Germans had a hand in the destruction of the fleet.

London, June 23.—The act of German sailors in scuttling their war ships in Scapa Flow Saturday is declared by a majority of the British press to be a forerunner of what may be expected from the Germans after peace is signed. Newspapers generally blame British authorities for not taking proper precautions. The German sailors were rounded up here and are under close guard today. They were defiant, apparently very happy over their feat.

Paris, June 23.—French newspapers today openly charge the British Admiralty with negligence in permiting the sinking of the interned German fleet off Scapa Flow by their German crews.

Kirkwall, England, June 23.—Germany's interned battle fleet was sunk as a result of orders from Berlin, according to British naval officials here who made an investigation.

HUNDREDS KILLED WHEN TORNADO VISITS TOWN

Fergus Falls, Minn., Almost Demolished by Storm Late Yesterday—Business District Wiped Out.

Fargo, N. Dak., June 23.—Fergus Falls, Minn., lies in ruins today and soldiers are searching the debris for the bodies of a hundred persons reported killed by a tornado which swept through the town late yesterday. A report received here early today placed the death list from three to four hundred. The cyclone wiped out the business section of the city, cutting a path several blocks wide, through. Most of the larger business buildings were destroyed and many residences were blown down.

NEW MINISTER AT HOPKINS

Rev. John A. Carriker of Charlotte, N. C., Chosen as Pastor of Presbyterian Church.

Dr. and Mrs. S. A. Coile of the Presbyterian church of this city, went to Hopkins last evening where Dr. Coile occupied the pulpit of the Presbyterian church of that city. The congregation selected the Rev. John A. Carriker of Charlotte, N. C., as their pastor and he will be installed Tuesday night.

GERMANY SIGNS PEACE TREATY

ALLIES REFUSE MANY ELEVENTH HOUR REQUESTS MADE BY HUNS

ARMISTICE ENDS TODAY

Flash Report States Germans Have Signed—Other Dispatches Lead Up to Confirmation.

Paris, June 23.—GERMANY SIGNS TREATY.

London, June 23.—It is officially announced that Germany will sign the peace treaty. The announcement was issued from Downing street, the official residence of Lloyd George. This announcement said Germany has decided to sign the treaty. A London Exchange telegraph says a German note has reached Paris that it is understood is a note of acceptance.

Paris, June 23.—Clemenceau, President of the Peace Conference, has been notified from Weimar that the Germans will sign the peace treaty, it was officially announced this afternoon.

Paris, June 23.—Germany's final maneuvers before signing the peace treaty are summed up as follows:

Asked Allies to include Germany's denial of war responsibility in the treaty. Request refused.

Asked Allies to nullify the provision for handing over of the authors of the war for trial. Request refused.

Protested against stripping Germany of her colonies. Protest ignored.

Asked Allies to agree to a revision of the treaty by the League of Nations within two years. Request refusesd.

Notified Allies that though she signs the treaty Germany can not possibly fulfill its conditions. Notification ignored.

Asked Allies Allies at three o'clock this morning to grant forty-eight hours more time. Allies refused request and notified that the armistice ends today.

GRANT VOTES ROAD BONDS

Proposition to Issue $40,000 in Bonds Carried Saturday by a Majority of About 20 Votes.

The $40,000 road bond issue of Grant township carried in the special election held Saturday by a majority of about 20 votes. This is the second time the proposition has been voted on, the first time carrying about 5 votes, but as the notice of the election was not published legally, it had to be held again.

TWO LITTLE GIRLS LIVELY AS CRICKETS

Once Weak and Puny, Tanlac Makes Them Look Like Different Children.

"It makes me feel good to see how bright and healthy my two little girls are since we started them to taking Tanlac," said H. P. Cornett, of 518 East Gandy street, Denison, Texas.

"They were both weak and puny children," he continued, "had no appetite and suffered from indigestion and were awfully pale and thin and sallow looking. They complained of having headaches and pains in their backs, they were restless aat night, had no life nor energy during the day and wouldn't play around like other children. Medicines we gave them did not do them any good and my wife and I were greatly worried about their condition.

"Since starting them on Tanlac my two little girls are not like the same children. Both have gained in weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their ages. Tanlac has simply done wonders for them and I am only too glad to indorse such a splendid medicine."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

INLAND WATER WAYS A POOR PLACE FOR THE SUBS

Muddy Water of Mississippi Obscures the Periscope Windows—Sand Bars Prove Obstacles.

St. Louis, June 23.—The Mississippi Valley barge line never will be in danger of submarines. The muddy water obscures periscope windows, and shifting sand bars and uncertain channels make inland navigation difficult for subsea craft, according to Lieut. J. V. K. Richards, engineer officer of the American submarine K-5, which arrived here last week.

The K-5, which is the flagship of Division Three of the submarine force of the U. S. Atlantic fleet, and is considered a fine example of the Holland type of submarine, had to be especially adjusted for her inland waterway cruise. When she entered the Mississippi after an unconvoyed cruise from New London, Conn., it was discovered that the river had a number of tricks that had not been anticipated.

The first was the rich ochre mud of the river. The periscope window keeps clean in ocean water.

Instead of carrying her full crew of thirty men and five officers, the submarine had but three officers and twenty-two men.

To CONTINUE BOY SCOUT CAMPAIGN ANOTTHER WEEK.

Jefferson City, June 23.—The Boy Scout Campaign, which ended Saturday, June 14, will be continued another week in the communities in which the quotas have not been filled. Announcement to this effect has been made by C. F. Enright, chairman of the Missouri District for the drive.

This has been done on authority of William G. McAdoo, national chairman.

Enright says many of the organizations in Missouri went over the top the first day of the drive and that he expected over subscriptions in all of the larger cities.

BEGIN WORK ON ST. LOUIS AIRPLANE LANDING FIELD

To Be Used for Chicago-St. Louis Mail Service Air Route—Hangar to House Ten Planes.

St. Louis, June 23.—Work will be begun this week on the construction of an aerial mail service landing field in Forest Park. A resolution authorizing President Kinsey of the Board of Public Service to let the contract for the grading of the field has passed the Board of Estimates. The grading will cost $19,000, to be paid by the city and the Chamber of Commerce.

Airplanes in the service between here and Chicago will use the field. The Chamber of Commerce's check for $9,500 to pay its part of the expense has been received.

A 266-foot hangar with space for ten machines is on the grounds.

OKLAHOMA JAIL 'TOO ROUGH'

Henry Hawk, Formerly of Maryville, Writes to Sheriff of Worth Co., to Take Him Back.

Henry Hawk han't any use for those Oklahoma jails. Those Oklahoma upholders of the law play too rough for Henry for one thing, and then again it is better to face a burglary charge in Missouri than to face bootlegging charges in such a wild untamed state as Oklahoma, so Henry thinks.

Manacled and handcuffed and accompanied by J. B. Matteson, deputy sheriff of Worth county, and blackened by a long train ride, Henry Hawk, who is said to have a series of burglaries in and near Grant City to his credit, hobbled into the Central police station at 1 o'clock yesterday morning with a "glad-to-get-back-smile." According to Matteson, Hawk, who is well known to the local police department, was convicted of burglary in Worth county last February. Soon after he was paroled, but Henry didn't do right by Worth county, so after a few travels here and there he went "down among the long-horns" as he expressed it.

But wherever he is, according to Sheriff Matteson, Henry just can't keep out of trouble, so it is said he took up the progressive art of bootlegging. He was taken into custody by the Oklahoma authorities at Claremore, Okla., and thrown into a jail where they treated him rough. Even a Missouri jail is preferable to this, thought Henry after one of his cellmates had died from a beating from an officer, so Henry secretly wrote a letter to the Worth county authorities and asked them to forgive him for jumping his parole, and please to come and get him. He gave the letter to a prisoner who, upon release, mailed it. Upon its receipt Sheriff Matteson departed post haste to get the little lily that was slowly wearing away in an Oklahoma jail. It was a joyous meeting 'tis said, but Matteson took no chances and Henry wore the bracelets all the way back. His little homecoming journey will be completed today.—St. Joseph Gazette.

"Eating Their Heads Off"

It makes no difference whether you buy horse feed or raise it—it's money just the same. You can't work a horse more than so much—he won't stand it. And the rest of the time he just eats. For that reason you will use a motor truck sooner or later—because it will be cheaper and a lot better than horse hauling—just the same as a motor car is better than a horse and buggy. And when you DO get a truck, get a good one—

Sandow Farm Truck

made in any size you want—made extra strong for its weight, and made to sell at a lower price than other trucks if its class—is JUST THE KIND OF A TRUCK TO GIVE YOU THE BEST SERVICE AT THE LEAST COST.

Treat a Sandow half as good as you do a horse and it will do the work of six horses—as many hours a day as you want it to and when it is through it won't eat a bite.

A MARYVILLE MARINE WRITES

Floyd Smith, Son of Mr. and Mrs. S. P. Smith, Seeing a Great Deal of the World.

The following interesting letter is from Floyd Smith, son of Mr. and Mrs. S. P. Smith of West Third street, who is with the United States Marines:

Cavite, P. I., May 1, 1919.

Dear Mother:—Suppose you are wondering where I am. Just received your letter forwarded from Mare Island. Had quite a trip going from Honolulu to Siberia, from there to Japan, then here. Was on board 393 days, had a fine trip and was not seasick. I thought it was hot in California but it is cool there compared to this spot. It is not very far to the equartor. Cavite is just a small place, all the buildings are old Spanish ones made of stone. There are some old forts and churches and the streets are narrow and paved with cobblestones. The natives all go barefooted and wear very few clothes, the young ones wearing only a short skirt. The Marines have a nice place and sleep under nets on account of the mosquitoes, lizards and a few more bugs. Bananas, pineapple, cocoanuts and other tropical fruits are very plentiful and cheap. The money in Siberia changes in value everyday, and they use paper money. Vladivostok is a place of about 190,000 and is the dirtiest place I ever saw. They have neither waterworks nor sewers. The city is under martial law and there are soldiers from all over the world. We picked up several United States and French wounded who were going back to the States. There is one street car and the taxis are little buggies are drawn by one or maybe two small ponies. Five thousand German prisoners are being worked on the docks.

Nagasaki, Japan, is a pretty and clean place and everything is cheap. Every inch of ground, even the hills, is farmed. The streets are only a few feet in width and their mode of travel is by little buggies which are pulled by the natives. They use oxen and pack saddles for hauling and on one street there is a street car. The women work with the men and it is a sight to see them coal a ship. The harbor isn't deep enough to get to the dock and coal is hauled out on sail barges and carried on board in grass baskets. They charge you 10 cents to ride ashore in a little row boat which is rowed with one oar. We are about 7 miles from Manila and can see it across the bay. The main sport is chicken fights. Men, women and youngsters all smoke cigarettes.

Write to Cavite, P. I.

With love,

FLOYD.

REGISTRATION FEES FOR MOTOR TRUCKS

At the beginning of 1919 there were still 22 states in which motor trucks were registered at the same rate as pleasure cars. Recent years, however, have shown quite a general tendency to increase the fees required for heavy motor trucks. This increase usually is based on the weight of the truck, its carrying capacity, or a combination of its carrying capacity and its horsepower. However, there is as yet no evidence of any well-defined general goal towards which this movement is tending. Some States are placing a definite maximum weight which may not be exceeded except in very special cases; others are evidently relying on discouraging or limiting the use of very heavy trucks by making the registration fees so large as to practically prevent the realization of any profit; while still other states are making no serious efforts except to limit the weight of the wheel loads per inch width of tire. The term motor truck and commercial vehicle, moreover, is very indefinite. In some states the term commercial vehicle as used includes all trucks, while in others only those vehicles used for hire are classed as commercial.

Hash Can Be Made of Vegetables.

Hash may be made with one or many cooked vegetables used alone or combined with meat or fish. Potato is the most useful vegetable for a hash, as it combines well with meat or with other vegetables.

It is essential for good hash that the vegetables be cut fairly fine, but not so fine that the pieces will lose their shape or stick together—that is, the particles should drop apart readily when shaken on a fork. Each vegetable must be cut up separately, then all be mixed. The vegetables, or vegetable, and meat or fish must be well seasoned with salt and pepper, and if liked there may be added a little minced onion, chives, parsley, chervil, or green pepper finely minced. The hash must be moistened a little with meat broth, milk, or water—not more than a half cup for a quart of hash.

When the hash is mixed, seasoned, and moistened, put a tablespoonful of butter or savory drippings in a frying pan. When this is melted put in the hash, and spread evenly and lightly in the pan. Over this put little dots of butter or savory drippings, using about one tablespoonful in all. Cover the pan and place where the hash will not burn, but where the heat is fairly good, and cook half an hour, then fold and turn on a hot platter. A rich brown crust will have formed on the bottom of the hash if the heat was sufficient. Serve it hot, and on heated plates.

COMETS BEAT MAITLAND 6-1

The Maryville Comets "two timed" the Maitland team here yesterday, taking the second game of the season from them by the score of 6 to 1.

The visitors put up a good brand of ball but were completely outclassed by the Comets. Black, manager and pitcher for the local club had his opponents at his mercy throughout the contest.

Richardson, a new addition to the Comets, made his first appearance yesterday behind the bat, and showed the fans that he is going to be a great asset to the team during the coming contests.

For the Maitland crew "Taters" Roberts, recently discharged from the service, was the feature.

"BILLY" SIMS RETURNS AFTER LONG ABSENCE

Former Maryville Resident Makes First Visit in 64 Years—Saw First Cabins Go Up.

W. S. Telford, 82 years old, now a resident of West Texas, returned to Maryville last night for his first visit after an absent of 64 years. Mr. Telford will be better remembered by old residents here as "Billy" Sims, the surname being that of his stepfather with whom he lived.

"When I left Maryville in 1855, there were only twevе or fifteen small frame houses. The first of these was a log cabin built by my stepfather; I saw it go up. The courthouse, too, was a log cabin. The land was almost all prairie and could be bought unimproved for about a dollar and a half an acre. Improved land sold for from ten to twelve dollars an acre."

After calling on George S. Baker, "Uncle Jimmy" Saunders, and a few other old settlers, Mr. Telford will leave tonight for Kansas City, where he will join his wife and return to his present home.

The Standard Oil Company (Indiana)
Automobile Industry

PROBABLY no existing industry serves such a useful purpose in so many ways as the automobile industry, and certainly no industry has had such a meteoric increase in proportions.

Such an increase would have been impossible of accomplishment if a market for moderate priced cars had not been found, and without the Standard Oil Company (Indiana) it would have been impossible to find this market.

When only the rich could afford an automobile the Standard Oil Company (Indiana) had the vision of most everyone driving his own machine.

The Company set out, not to find a way to make gasoline prices higher, but to keep them low in the face of the enormous demands made by the automobilists, which in the average industry would have caused abnormal increases in price.

The efficiency of the Standard Oil Company in making a constantly increasing number of by-products has kept down the price of gasoline and enabled the man of modest means to run an automobile after he got it.

The Standard Oil Company not only makes gasoline to sell at a low price, but to fit the requirements of the modern automobile engine in such a manner as to enable the owner to get out of his car all that the manufacturer designed it to produce.

This is a salient example of the usefulness of the Standard Oil Company not only in contributing to the success of other industries, but in discharging its obligation as a public servant so that all may benefit from its efficiency and by its operations.
